

To Whom It May Concern:

I am a customer of **SOUTH GA SOLAR POWER, LLC** and I am writing to recommend this company and their services to anyone who wants to save money on their electric bill. First of all, Mr. Jackson and his staff have been very helpful and courteous in suggesting a variety of effective ways in which I can lower my electric bills and help contribute in taking better care of the earth. They also do not pressure me to buy products.

In addition, after installing products in my home, the company has kept in touch with me to monitor how things are working and to see if I have had any problems or concerns. They even helped me to better understand the tax benefits that can come from the use of their products. Best of all, their products have been saving me significant money each month on my electric bill. The products pay for themselves very quickly. Thank you **South GA Solar Power, LLC** for helping my family.

Sincerely,

David Hyer
